# FREQUENTLY ASKED QUESTIONS

## **What is the minimum order quantity?**

You must order 6 of any item to make an order. You can mix and match shirt color and sleeve length.

## **How do I place my order?**

We have fully moved to online ordering, just a click away at [www.philmontcustom.com](http://www.philmontcustom.com)

## **Can I use two different designs on the same shirt?**

No; if two-sided placement is desired, the same design and text will be used on both sides.

## **Can I put individual crew member names on their respective shirt?**

No; text must be the same for each group of 6 shirts.

## **Do the tees run big?**

Most find that our shirts fit true. For sizing information please refer to our sizing charts online.

## **Can I use a promotional code on my custom order?**

Promo codes and special offers do not apply to custom orders.

## **Will the large design stick to my body when I sweat?**

No; our tees undergo a sublimation ink printing process. During this process the ink becomes part of the fabric and still wicks moisture away. Silk screening however would have a plastic feel and stick to your body when you sweat.

## **Are the performance caps ponytail friendly?**

Yes! They have a strap with a half-moon opening through which a ponytail will fit through.

## **How much will shipping cost me?**

All orders will be charged \$25 for shipping, no matter how big or small. AK, HI, PR, and International orders: Pick-up in store only.

## **Can I pick up my order at Philmont?**

Yes; please select in store pick up while completing the online checkout process. Please note, orders picked up in the Tooth of Time Traders will still be charged \$25 for shipping as the shirts are not printed at Philmont. Upon arrival to Philmont, please bring a copy of your order confirmation to the Tooth of Time Traders to pick-up your order.

## **Can I order shirts for my Autumn Adventure or Winter Adventure?**

You sure can! Give us a call and we'll get you squared away!
