

OATC (ORDER OF THE ARROW TRAIL CREW TREK)

PARTICIPANT INFORMATION

Join a crew of Arrowmen dedicated to cheerful service on this 14-day adventure. The information contained in this packet will help you be prepared. Please read all of it carefully, it is intended to help you make your adventure the greatest you've ever had!

EQUIPMENT AND SPECIAL CLOTHING

An important part of your OATC Trek experience will involve strenuous hiking over rugged country. Both you and your equipment must be in top condition. Your feet and footwear will be especially important to your enjoyment of the program, so give a little extra attention to both. **Start a daily fitness program today!** In addition, please brush up on backcountry skills. Read the *Guidebook to Adventure-Campers Edition* thoroughly. While the program offerings will be different, the other information is valuable. The personal equipment you will need is listed in this guide. Remember, you will be doing strenuous work in the Philmont backcountry for several days during your program, so come prepared. Storage space for excess baggage will be limited, so keep such items to a minimum. All the **crew equipment** listed in the *Guidebook to Adventure-Campers Edition* will be provided by Philmont.

LEADERSHIP

Experienced Philmont Conservation Department staff with strong OA backgrounds will lead participants on the two-week program. Prepare to be challenged mentally, physically, and spiritually. You will meet these Foremen at the Philmont Welcome Center on the start day of your program. They will have your trek planned by the time you arrive and will work with you to make sure you have everything that you need to be successful. The first week focuses on leaving a tangible legacy through trail construction and maintenance. The second week is a seven-day backpacking trek through Philmont's backcountry, designed by the participants.
