Position Overview

The Forestry Technician is responsible for assisting with data collection to comply with reporting requirements for grants obtained for implementation of the restorative thinning program on the Ranch. This position will collect and process timber cruising data to determine quality and quantity of marketable material from treatment areas. The Assistant Technician will be responsible for helping to determine compliance with treatment contract stipulations by contract providers and assist in the location of roads necessary to access area of operation. This position will report to the Forestry Technician, and will work with the Forest Equipment Crew as necessary.

Primary Duties & Responsibilities

- Establish yourself as a leader within the Conservation Department and Philmont Scout Ranch by setting an appropriate example for other staff and participants.
- Assist in the collection of data for forestry units, scout road locations, and identify timber for milling.
- Assist in the administration of thinning contracts and monitor for compliance with NM State Forestry Best Management Practices.
- Maintain communication with seasonal management regarding forestry projects. This includes conversations in person and via inter-camp mail, as well as during field visitations.
- Complete other duties as assigned by direct supervisor or ranch management as required

Desired Qualifications & Experience

- Candidates pursuing an Associates or Bachelor's Degree in Forestry or Natural Resource Management is preferred, but not required.

- Experience with basic forestry practices such as principals of stand inventory, chain saw operation, tree falling, and tree taxonomy are desired, but not required.
- Candidates must possess excellent written and verbal communication skills
- Candidates must be proficient in land navigation, both with a map and compass and GPS units.
- Previous work or volunteer experience in wildland conservation, trail construction, restoration, forestry, landscaping, or related fields is excellent preparation for the position
- Participating in one of the Philmont Conservation Department's individual treks (ROCS, OATC, TCT, STEM) is an excellent way for youth to gain this experience but is not required
- Staff will receive comprehensive job training upon arrival at Philmont

Physical Requirements & Work Environment

- Must meet the BSA height/weight requirements
- Be able to lift and handle materials up to 70 pounds throughout the scheduled workday
- Up to 90% of the workday could be spent standing, walking, bending, stooping, kneeling, or crouching
- Be capable and willing to work in all types of weather conditions at various locations
- Be able to hike to remote worksites, carrying loads up to 60 pounds.
- Be prepared for strenuous workdays that can include hiking and working on rough terrain, in all weather conditions, for 9-12 hours.
