

## TCT (Trail Crew Trek)

### PARTICIPANT INFORMATION

As a participant in Philmont's Trail Crew Trek, you can look forward to an exciting experience! The information contained in this packet will help you prepare for your adventure. Please read all of it carefully, it is intended to help you make your adventure the greatest I can be.

### EQUIPMENT AND SPECIAL CLOTHING

An important part of your TCT experience will involve strenuous hiking over rugged country. Both you and your equipment must be in top condition. Your feet and footwear will be especially important to your enjoyment of the program, so give a little extra attention to both. **Start a daily fitness program today!** In addition, please brush up on backcountry skills. Read the *Guidebook to Adventure* thoroughly. While the program offerings will be different, the other information is valuable. The personal equipment you will need is listed in this guide. In addition to the personal equipment listed in the *Guidebook to Adventure*, please be sure to bring the following: **a good pair of work gloves, sturdy, loose-fitting work clothes (including long pants or bib overalls and a long sleeve shirt), and a daypack** to carry your lunch, water, and rain gear to and from the program site. Remember, you will be doing strenuous work in the Philmont backcountry for six days during your program, so come prepared. Storage space for excess baggage will be limited, so keep such items to a minimum. All the **crew equipment** listed in the *Guidebook to Adventure* will be provided by Philmont.

### LEADERSHIP

Your Trail Crew Trek Crew will be under the leadership of two Philmont Conservation Foremen who have been trained to lead conservation projects and guide you through the Philmont backcountry. You will meet these Foremen at the Philmont Welcome Center on the start day of your program. They will have your trek planned by the time you arrive and will work with you to make sure you have everything that you need to be successful.

### EXPEDITION NUMBER

Your expedition number is important. It helps Philmont quickly and easily identify the program and time for which you are registered. Be sure to include it in **ALL** correspondence.

### UNIFORMING

It is recommended that all participants wear their "Class A" uniform while traveling to and from Philmont. The Conservation department typically wears "Class A" uniforms while in base camp, and all TCT participants will be expected to do the same. Bring clothes that are comfortable and practical for backpacking and for work projects.
